## INDEPENDENT AUDITORS' REPORT

**Members of the Board  
Ontwa Township-Edwardsburg Police Department**

We have audited the accompanying general purpose financial statements of the Ontwa Township-Edwardsburg Police Department as of March 31, 2003 and 2002, and for the years then ended. These general purpose financial statements are the responsibility of the Police Department's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Ontwa Township-Edwardsburg Police Department as of March 31, 2003 and 2002, and the results of its operations for the years then ended in conformity with U.S. generally accepted accounting principles.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Ontwa Township-Edwardsburg Police Department (Police Department) conform to U.S. generally accepted accounting principles (hereinafter referred to as generally accepted accounting principles) as applicable to governments. The following is a summary of the more significant policies:

*a) Reporting entity:*

In accordance with generally accepted accounting principles and Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, these financial statements present the Police Department. The criteria established by the GASB for determining the reporting entity includes oversight responsibility, fiscal dependency, and whether the financial statements would be misleading if data were not included. Based upon the application of these criteria, there are no other entities for which the Police Department exercises oversight responsibility.

Costs of operations and capital expenditures are primarily supported by property taxes and contractual support from the Township of Ontwa and the Village of Edwardsburg.

*b) Basis of presentation:*

The accounts of the Police Department are organized on the basis of an operating fund and account groups, each of which is considered a separate accounting entity. The operation of the fund is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue, and expenditures. The fund and account groups are described as follows:

*i) Operating fund:*

This fund is the general operating fund of the Police Department. It is used to account for all financial resources.

*ii) Account groups:*

General fixed asset account group - this account group represents the balance of the Police Department's investment in fixed assets used in operations.

General long-term debt account group - this account group represents the balance of general obligation long-term debt, which is not recorded in proprietary funds.

*c) Basis of accounting:*

Basis of accounting refers to when revenue and expenditures are recognized in the accounts and reported in the financial statements. The Operating Fund is reported using the current financial resources measurement focus and the modified basis of accounting.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

*c) Basis of accounting (continued):*

Property taxes are recognized as revenues in the year for which they are levied. All other revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to lay liabilities of the current period. For this purpose, the Police Department considers revenues to be available if they are collected within 60 days of the end of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

*d) Budgets and budgetary accounting:*

The Police Department follows the procedures in establishing the budgetary data reflected in the financial statements in accordance with the Uniform Budgeting and Accounting Act (Act No. 621, Public Acts of 1978), as prescribed by the State of Michigan. The budget is adopted at the activity level and is consistent with generally accepted accounting principles.

NOTE 2 - CASH:

At March 31, 2003 and 2002, the Police Department has deposits with a carrying amount of \$256,233 and \$258,624, respectively, and, a corresponding bank balance of \$267,692 and \$277,692, respectively. Of the corresponding bank balance at March 31, 2003 and 2002, \$15,799 and \$142,150, respectively, is covered by federal depository insurance, and, \$251,893 and \$135,542, respectively, is uninsured.

NOTE 3 - PROPERTY TAXES:

Property taxes are recognized in the year for which taxes have been levied and become available. The Police Department property tax is levied on each December 1 on the taxable valuation of property (as defined by State statutes) located in the Township of Ontwa as of December 31 of the preceding year. The billings are due on February 14, with a final collection date of February 28 (29 in 2004), before they are added to the County delinquent tax roll. The Police Department considers property taxes levied December 1, 2002 and 2001, to be revenues of the year ended March 31, 2003 and 2002, respectively.

**NOTE 9 - PRIOR PERIOD ADJUSTMENT:**

In 2002, the Police Department recorded a prior period adjustment to the opening fund balance (as of April 1, 2001) of the Operating Fund to correct the method of accounting for certain assets and liabilities, is as follows:

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL RELATED  
MATTERS NOTED IN A FINANCIAL STATEMENT AUDIT**

**Members of the Board  
Ontwa Township-Edwardsburg Police Department**

In planning and performing our audit of the general purpose financial statements of the Ontwa Township-Edwardsburg Police Department for the years ended March 31, 2003 and 2002, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control. However, we noted certain matters involving the internal control and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control that, in our judgment, could adversely affect the Police Department's ability to initiate, record, process, and report financial data consistent with the assertions of management in the general purpose financial statements. These matters are set forth in the accompanying schedule.

This report is intended solely for the information and use of the Board of the Police Department and the Michigan Department of Treasury and is not intended to be and should not be used by anyone other than these specified parties.

**COMMENTS AND RECOMMENDATIONS**

---

**Recordkeeping**

*Policies and procedures to assure the physical safekeeping of financial records were not effective.*

- Certain bank statements, cancelled checks, vendor invoices, payroll summary, and pay check stubs could not be located. Original documents such as these are kept unbound in a “month” folder, which is handled by several individuals. There is no process to account for the completeness of the information that is placed in the folder.
- Time reports are not maintained in an orderly manner.

*Policies and procedures to assure the establishment and maintenance of detail records that support amounts reported as fixed assets were not effective.*

- An inventory of fixed assets used in operations has not been maintained.

**Budget amendments**

*Policies and procedures to assure compliance with state statutes governing the budget development and monitoring process were not effective.*

- The budget was not amended to reflect the actual available beginning of year fund balance. The budget was not amended for the impact of spending overruns.

**Pension contribution**

*Policies and procedures to assure compliance with the pension provisions of the employment contracts were not effective.*

- The employment contract calls for matching employer contributions to be made as soon as possible. For the year ended March 31, 2002, certain employer match contributions have not yet been made.
- The employment contract limits the employer match amount to \$1,500. For the year ended March 31, 2003, the employer match exceeded the limit for one individual.

**Classification of payments to employees**

*Policies and procedures to assure W-2 wages include all compensation payments were not effective.*

- Certain payments to employees (in lieu of employer-paid health insurance premiums or for custodial services) that are considered compensation under IRS rules were excluded from taxable wages.

---

**Employment agreements**

*Policies and procedures to assure that written employment agreements or memorandums of understanding for the Police Chief and the bookkeeper are in place were not effective.*

- Interim period and year-end responsibilities of the bookkeeper are not in writing.
- Terms of the Police Chief's compensation are subject to interpretation.

**Checking account**

*Policies and procedures to assure that differences between the book and bank balances of the checking account are cleared on a timely basis were not effective.*

- The bank reconciliation includes items dating from May 1999, including outstanding payroll checks from September 2000 and August 2002. These items were cleared after March 2003.

**Financial reporting**

*Policies and procedures to assure that the accounting package reports revenue and expenditure activity of the current period were not effective.*

- The Police Department follows the practice of closing revenue and expenditure account histories after the annual audit is done. As the audit for 2002 was not done timely, revenue and expenditure account balances as of March 31, 2003, included two years of activity. We recommend that revenue and expense balances be closed into fund balance annually, regardless of when an audit is scheduled.

**Property tax revenue**

*Policies and procedures to assure that property tax revenues are reported in the proper accounting period were not effective.*

- The Police Department has received conflicting advice regarding when to recognize property tax revenues (and the corresponding asset). The guidance that is applicable to all units of government, including special districts and authorities, is as follows. Property taxes may not be recognized as revenue before the period for which it is levied. Also, property taxes must be due within the fiscal year to qualify as revenue of that period. Because the levy date (December 1) and due date (February 15) fall within the fiscal year, property taxes levied in December are revenues of the year ending March 31. To the extent property taxes are received within 60 days of year end, such amounts are reported as revenue in the year levied.

**Compensated absences**

*Policies and procedures to assure that there is adequate monitoring of compensated absences earned and taken by the employees are not in place.*

- The Police Chief prepares and maintains the records surrounding compensated absences for all employees, including the Chief. The Board should implement some form of periodic monitoring of the processing and reporting of available unpaid compensation hours.
